

How to get it:

From your iPhone, iPod Touch, or iPad:

1. From your iPhone, iPod Touch, or iPad, click the app store icon.
2. From the app store, tap the "search" feature.
3. Type "NET Radio Nebraska" and tap Search. The app will appear in the search results.
4. Tap the NET Radio Nebraska App link in the search results. A description of the Public Radio Player application displays.
5. Tap the "Free" button. It changes to an "Install" button.
6. Tap the "Install" button.
7. Wait for the application to be installed.
8. Once it's installed, just tap the NET Radio icon from the iPhone or iPod Touch Home screen. Select which stream you prefer and start listening.
9. The app will ask you to create an account. This will be used for you to save your bookmarks in your app and will allow you the ability to access them online from any computer.
10. Select which stream you prefer and start listening, bookmarking, and sharing your favorite NET Radio moments!

Android Phone:

1. Visit the Android Market on your phone. You'll find it within your listing of existing apps.
2. From the Android Market, tap the search feature (the magnifying glass).
3. Type "NET Radio Nebraska" and tap search. The NET Radio app will appear in the search results.
4. Tap the NET Radio Nebraska app link. A description of the application displays.
5. Tap the "Free" button. It changes to an "Install" button.
6. Tap the "Install" button.
7. Wait for the application to be installed.
8. Tap the NET Radio Nebraska app icon from your list of apps.
9. The app will ask you to create an account. This will be used for you to save your bookmarks in your app and will allow you the ability to access them online from any computer.
10. Select which stream you prefer and start listening, bookmarking, and sharing your favorite NET Radio moments!
