Making Your Own Gift Tags

- Have your child color the gift tag.
- When he has finished coloring, cut out the gift tag.
- If you'd like to make the gift tag a bit sturdier:
 - Trace the gift tag on a piece of cardboard or card stock.
 - Then cut out the shape you've traced on the cardboard or card stock.
 - Glue the gift tag to the cardboard or card stock shape and let it dry.
- If you want to hang the gift tag off of the gift:
 - Punch out a hole at the top of the gift tag.
 - Cut a piece of string or yarn at least 6" in length.
 - Thread the string through the hole at the top of the gift tag.
 - Tie the two ends of the string together to create a loop.
 - Attach your gift tag to your gift.
- If you want to stick the gift tag to your gift, use tape or glue to attach.

What You'll Need:

- Safety scissors
- Washable crayons or markers
- Glue or glue stick
- String or yarn
- A hole punch
- Light card stock or cardboard (optional)
