Once upon a time, there was a dragon and a unicorn. They were friends. They loved to find rainbows together.

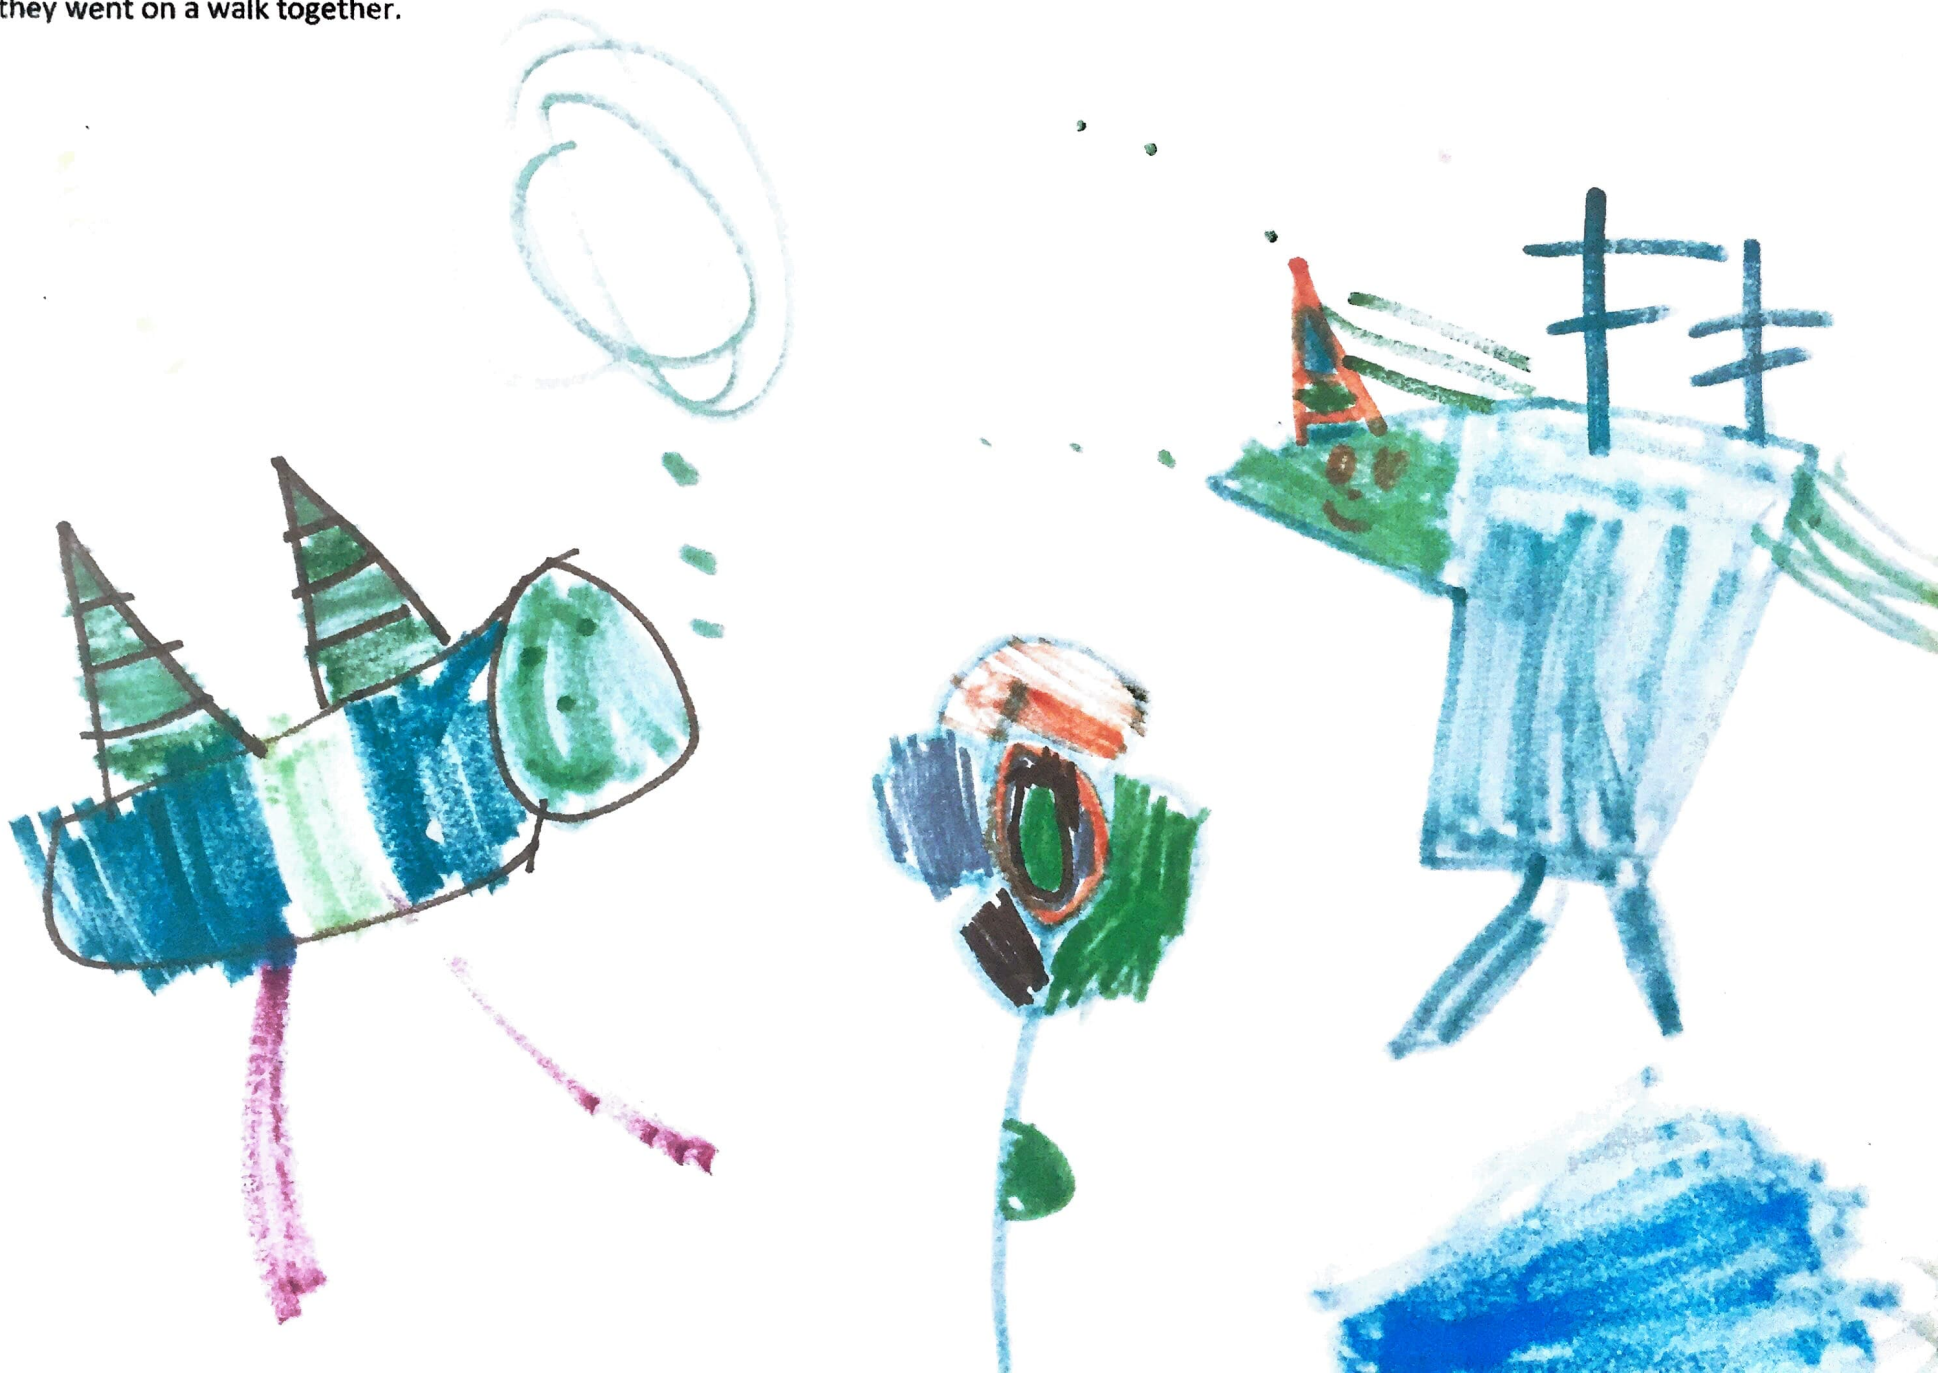

One day, the dragon couldn't find the unicorn. He looked everywhere.

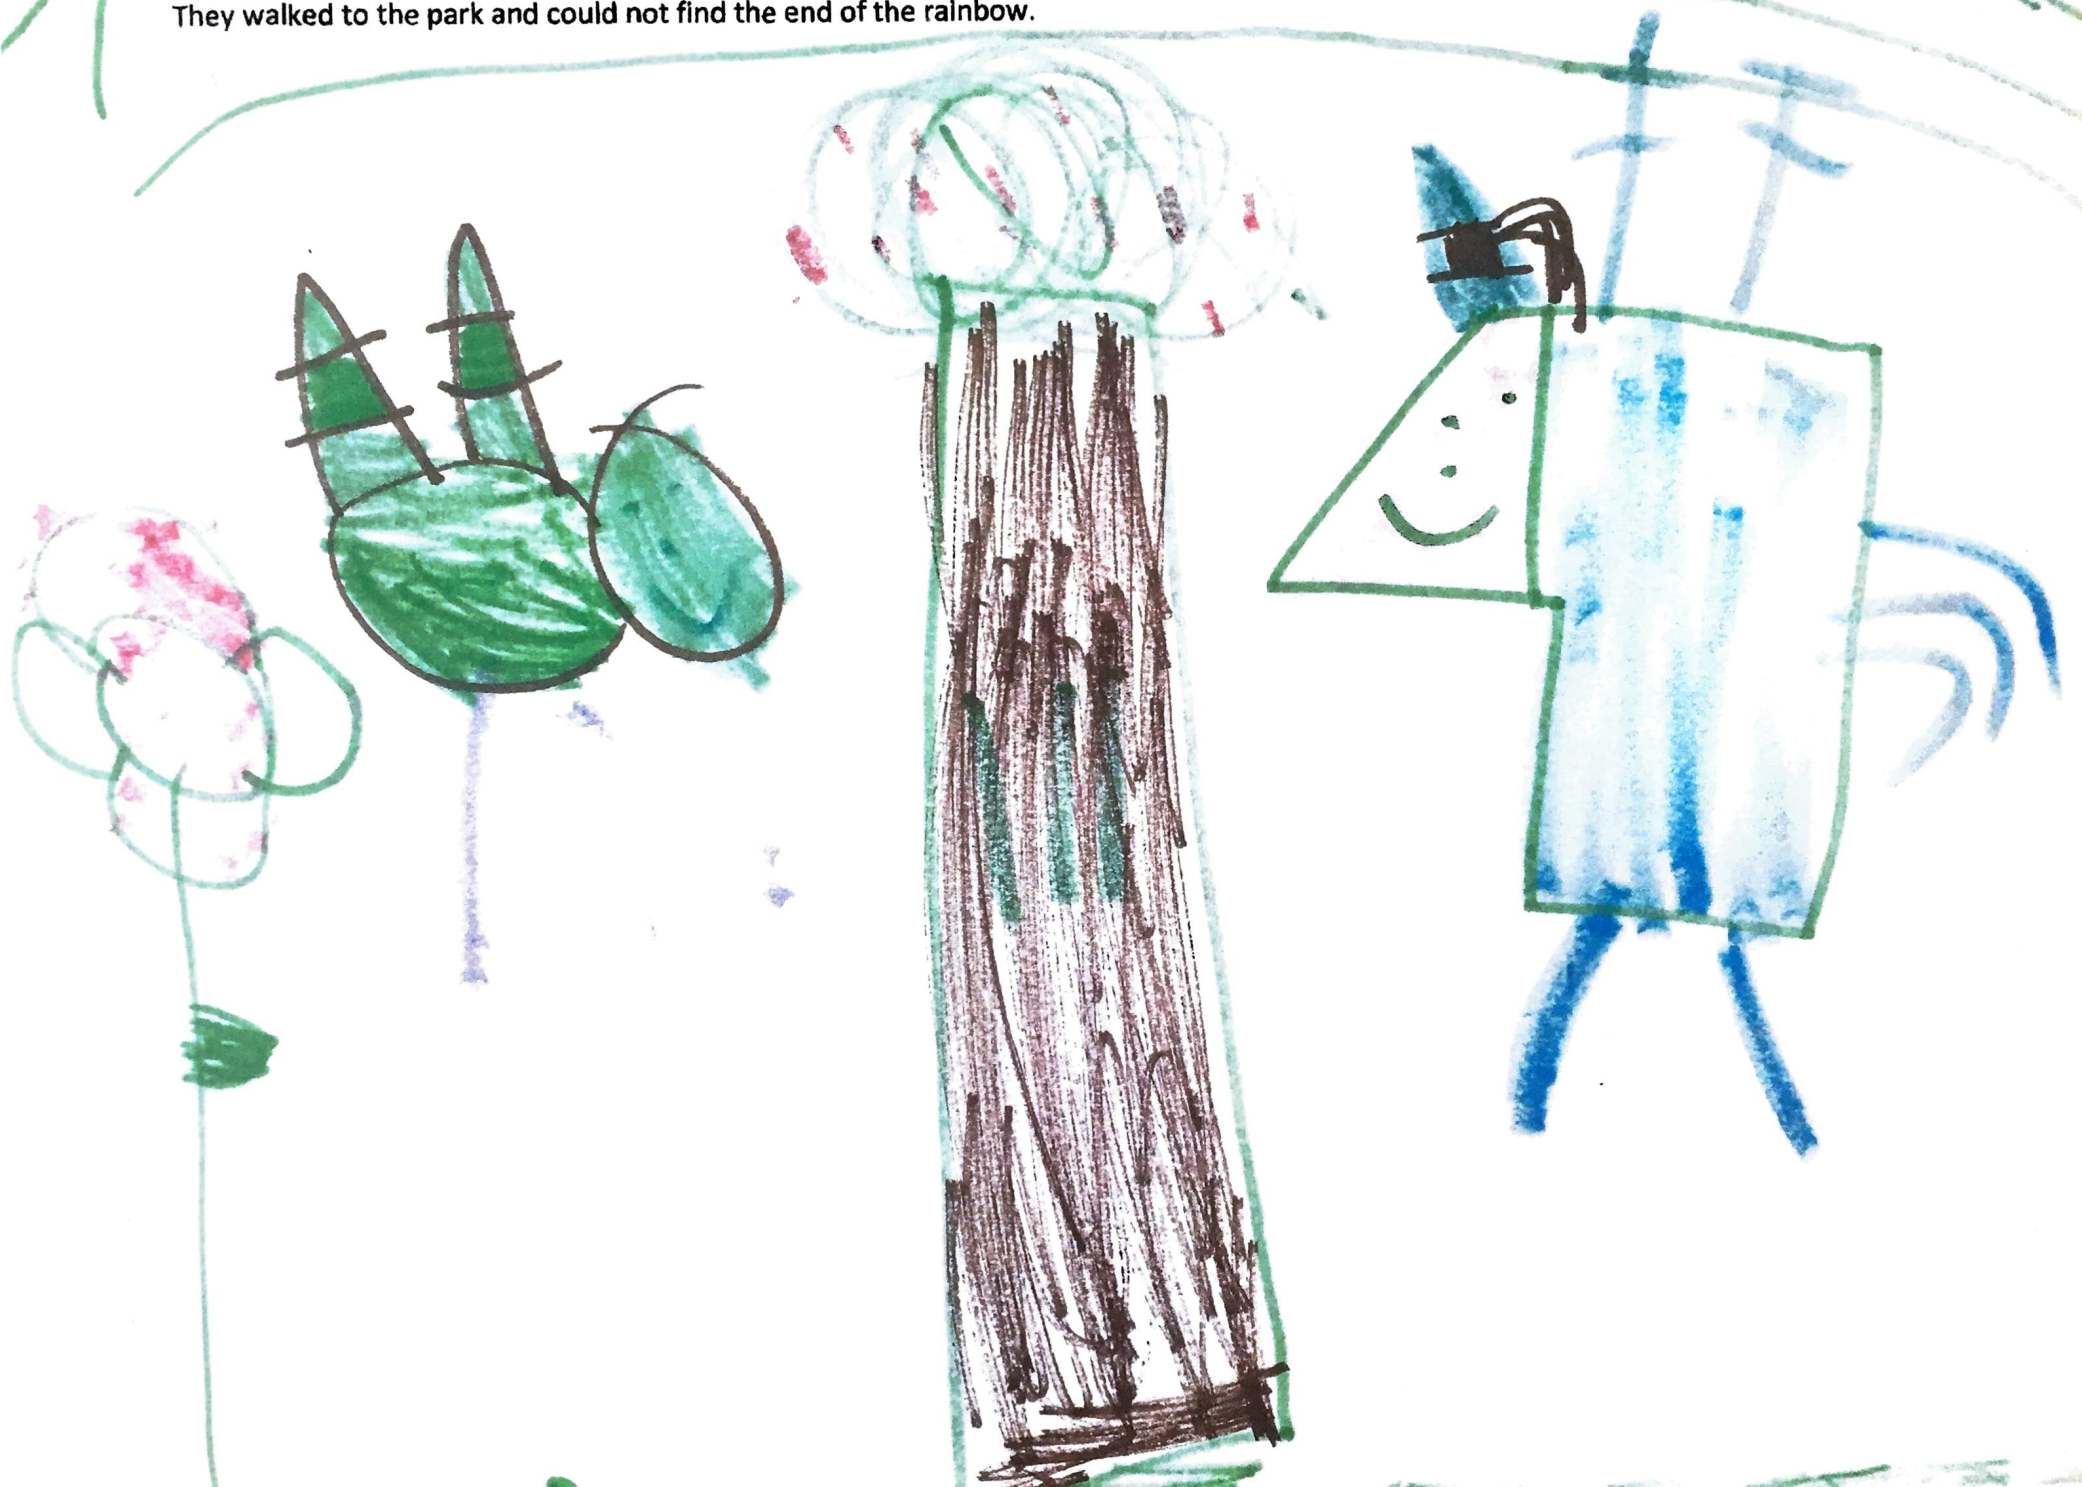

As he walked by the river, he saw the unicorn. The unicorn said, "I was looking for a pot of gold at the end of the rainbow." The dragon said he would help her in her search.

So, they went on a walk together.

They walked to the park and could not find the end of the rainbow.

They decided to try the grocery store. Inside the grocery store was a pot of gold. The unicorn and the dragon both said at the same time, "we found the pot of gold!"

They sold the gold to use to buy all the things they wanted and needed. They were very happy and they remained friends forever. They lived happily ever after!

The End.
