**activity**

**Drawing Comparison**

Have students read the following page in Nebraska Studies.

http://nebraskastudies.org/1500-1799/first-contact-expanding-trade/

Then, have students make a list of items offered for trade by the Europeans and another list for the items offered for trade by the Native Americans.

Have students pick one item from each list and explain why that item would be important for the recipient to obtain.

Finally, have them write how the environmental conditions helped cause the recipient to desire the item and how gathering the trade item might have changed the environment.

You may also have students copy or draw a picture of the two items.
